PUBLIC NOTICE

KENYA GOLD SUMMIT & EXPO 2026 – WESTERN KENYA EDITION, KAKAMEGA, 2–4 DECEMBER 2026

The Kenya Chamber of Mines (KCM) wishes to inform its members, partners, sponsors, exhibitors, delegates and other stakeholders that KCM will not proceed with the Kenya Gold Summit & Expo 2026 – Western Kenya Edition on the scheduled dates of 2–4 December 2026.

Following a review of preparations, the Chamber has determined that additional time is required to strengthen resource mobilisation, stakeholder participation and programme delivery to ensure a financially sustainable and impactful Summit.

KCM remains fully committed to the Summit's objectives, particularly addressing the regulatory, licensing, investment and operational bottlenecks constraining Kenya's mining sector.

The Chamber will engage relevant partners on revised arrangements, and new dates will be announced in due course.

We sincerely appreciate the support and goodwill of our partners and stakeholders, regret any inconvenience occasioned and look forward to your continued engagement.

Brian Simiyu
Chief Executive Officer
